

The Piccolo

Executive homelift by Stannah

Stannah

Enjoy the ultimate luxury
in your own home...

Having a passenger lift in your home is undeniably a fabulous luxury. Installing our Piccolo executive homelift oozes style and sophistication, whilst at the same time bringing a practical advantage to your home and family. It is surely the ultimate in creature comforts.

At Stannah we have been providing lifts for generations, in fact for over 150 years. Since those early years we have been constantly innovating in order to help make our customers' lives that little bit easier. Bringing together tried and trusted engineering with the latest in lift product design, our Stannah Piccolo executive homelift provides easy access over two or more floors – what a luxury!

Welcome to the Piccolo

Ultimate luxury travel over two or more floors

Our Piccolo executive lift is the ultimate in homelifts. The lift will provide travel over two floors or more and is suitable for both new building projects and retrofitting into older properties. This neat, low speed small passenger lift is our top of the range homelift option. The Piccolo is designed to take up to five people over several floors, smoothly, quietly and safely. Just think of all the trips upstairs you make carrying awkward loads, all taken care of. Installing a Piccolo will future-proof your home, so you can enjoy it for a lifetime. Investing in technology in the home taken to another level!

- Perfect for frequent travel over two or more floors
- Carries up to five people and can accommodate wheelchairs
- Luxury of a passenger lift in your own home
- Compact shaft size with a choice of car sizes and entrance configurations to provide accessibility for all
- Powered sliding doors for easy entry/exit – and space-saving too
- Lift car finishes to match your décor
- Single entry and through car arrangement available to suit your property
- Unique features providing the highest safety standards
- Structure supported FX shaft option to minimise loads – ideal for period buildings
- Low running and maintenance costs
- Wide selection of finishes and options available to customise your lift

The Piccolo makes a smart, practical addition in your home...

Plenty of space inside for up to 5 people

...and is discreet when not in use

Simple, easy to use automatic controls

Manufactured by Stannah in our UK factory, the Piccolo executive homelift is the ultimate statement of luxury in your home. This lift looks exactly like a hotel lift and brings five star elegance and luxury to your home. It's quite a statement.

We have a wealth of finishes to customise your lift to blend seamlessly into your existing décor, or to stand out in your new build conversion project. Choose ceiling, mirror, walls, floor, handrail, console and lighting to create your unique lift.

Key features include:

- Fully enclosed lift car with sliding landing and car doors
- Energy saving LED lighting throughout the lift
- Fully automatic controls for intuitive use
- Notification of floor level and travel direction
- 2hr fire rated automatic sliding doors in stainless steel or other finishes
- Landing and car doors with full height light curtain protection offers the highest safety standards
- Two-way intercom communication system
- Fold-down seat
- Bespoke finishes to personalise your lift

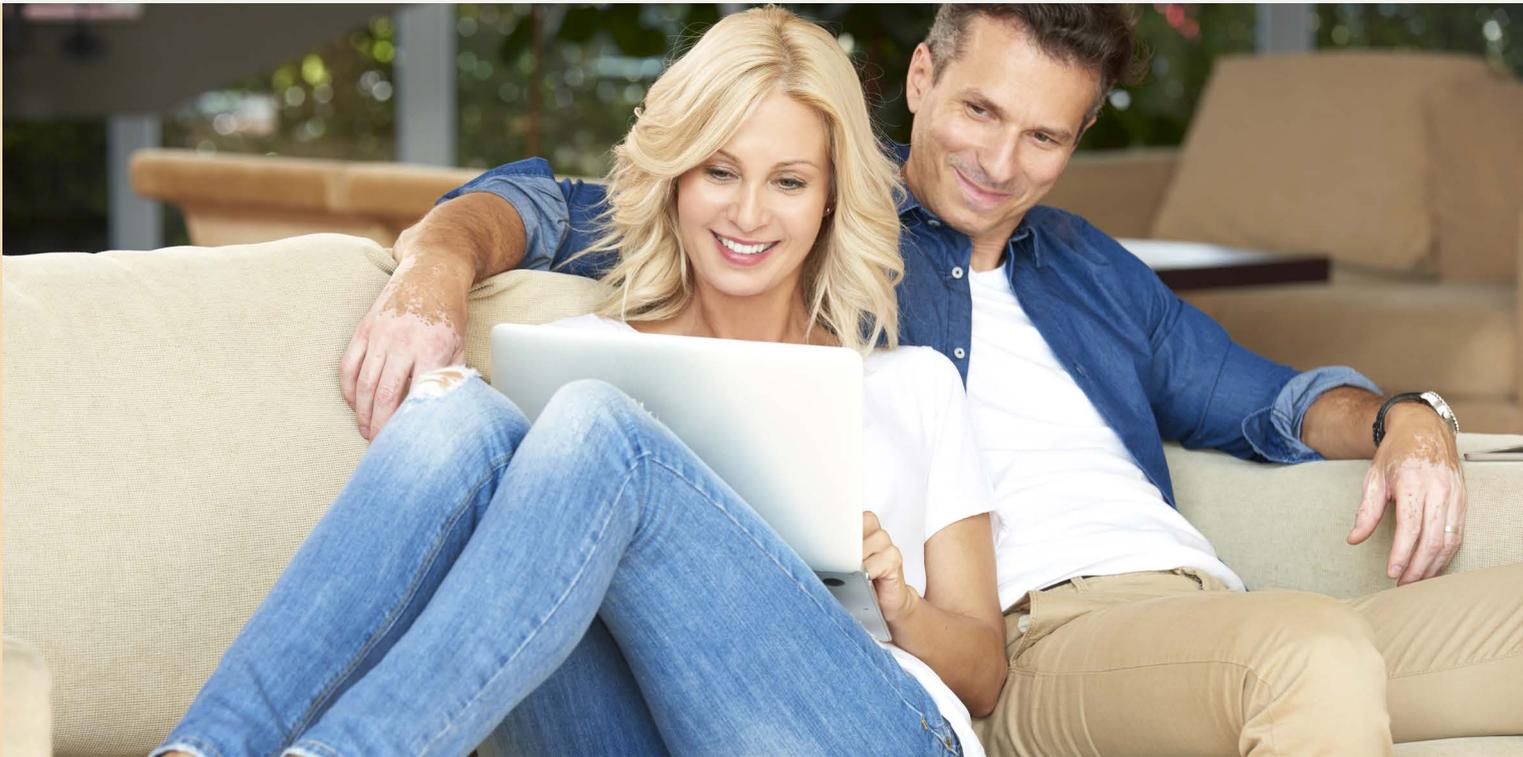

Unrivalled service from Stannah

Stress-free installation

You can relax from the moment you choose your Piccolo lift, simply rely on us to make the whole process as smooth as possible. We will work with you and your architect and/or builder to ensure any pre-installation work is completed in preparation for your lift. Our expert Stannah installers will agree installation at a time to suit you. This will typically take between 5-12 days, depending on your unique requirements, and only once your home is looking perfect will your lift be handed over to you, to enjoy every day.

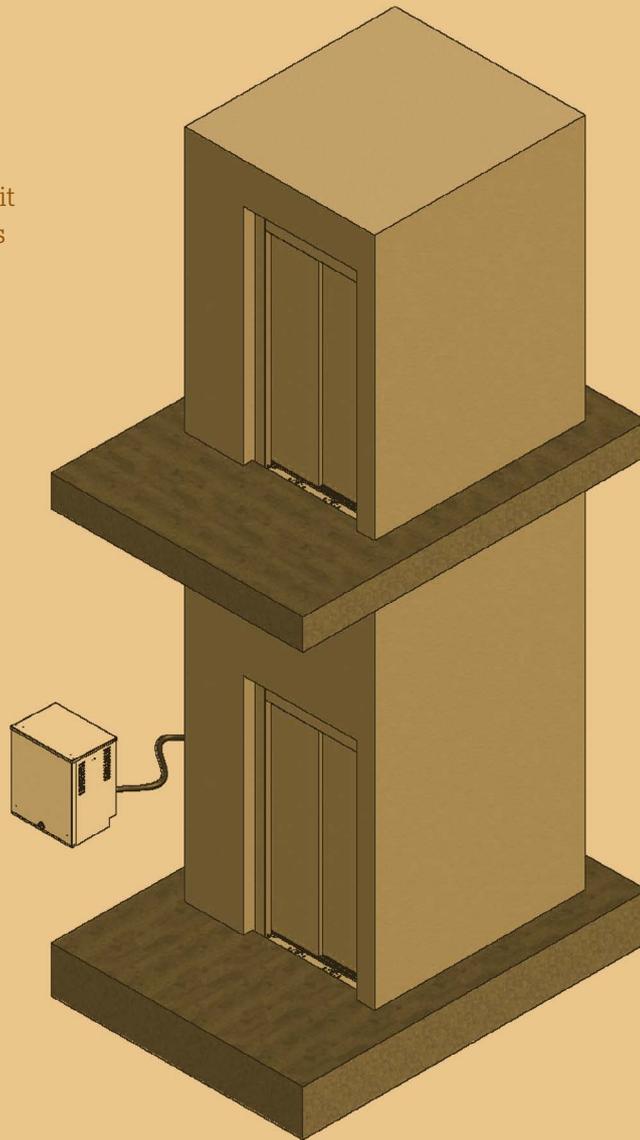

Continued care

At Stannah, after-sales service is our business too. We look after more than 90,000 lift products across the UK from eleven local service centres, nationwide, so a Stannah service engineer is never far away. Your new Piccolo homelift is supplied with a one-year warranty for your peace of mind. This includes four service visits. When your homelift warranty is due to end, your local service branch will be in touch with details of our service plans. Just like your car, your lift needs a little engineering expertise to keep it working to its full potential. For additional peace of mind, our own UK-based call centres are available 24/7 to offer practical, helpful support around the clock.
